

Planning:

Why do you think we are learning Unix and C++?

We are learning to become smarter- expand of knowledge.

What resources did you use to complete this lab?

I used prior knowledge, Putty, and the instructions of the lab itself.

Did you use your time wisely to finish the lab on time?

Yes, I did.

Monitoring:

What was the most difficult and confusing part of this lab?

The problem solving portion towards the end of the lab.

What did you do to address the difficulties and confusions?

Worked with my partner.

Evaluation:

How well do you think you accomplished the lab?

Pretty well.

If you had to do this over, what would you have done differently?

Nothing.

What worked well for you and what didn't?

Navigating worked well, and not sure what exactly didn't.
